

ADARSH SURESH TM

Bangalore, India — nandhuadarsh64@gmail.com — 9495271353

SUMMARY

Motivated BCA student with a strong foundation in computer applications and problem-solving. Familiar with data analysis concepts, basic programming, and modern technologies. Passionate about learning new tools, analyzing data, and applying skills to real-world problems. Eager to start a career through internships or entry-level roles and grow continuously.

EXPERIENCE

Data Analytics Intern

Jan 2026 – Feb 2026

Quest Innovative Solutions Pvt. Ltd.

Cochin, Kerala

- Developed interactive Sales and Profit Dashboards using Power BI for business performance analysis.
- Performed Exploratory Data Analysis (EDA) to identify sales trends, profit insights, and customer segment performance.
- Created DAX measures, KPI cards, and visual reports including charts and trend analysis dashboards.
- Implemented interactive filters and data visualizations to improve reporting efficiency and decision-making.

PROJECTS

Fraud Job and Internship Detection using AI

- Built an AI-powered system to detect fraudulent job and internship postings using Natural Language Processing (NLP) techniques.
- Trained a machine learning classification model to identify red flags such as fake company names, unrealistic salary offers, and suspicious requirements.
- Developed a user-friendly interface to allow job seekers to verify listing authenticity before applying.
- Utilized Python, Scikit-learn, and text preprocessing techniques including TF-IDF vectorization for model development.
- Achieved high accuracy in distinguishing legitimate postings from scam listings using labeled training datasets.

VIRTUAL EXPERIENCE

Tata Group Data Analytics Job Simulation

Forage

- Conducted EDA using GenAI to assess data quality and identify risk indicators.
- Developed a no-code predictive model to evaluate customer delinquency risk.
- Designed an AI-driven collections strategy incorporating automation and ethical AI principles.

AWS APA Solution Architecture Virtual Experience

Forage

- Designed a scalable hosting architecture using Elastic Beanstalk for a high-growth client.
- Explained architecture and cost calculations clearly for client understanding.

EDUCATION

Bachelor of Computer Application (BCA)

CGPA: 7.8 / 10

East Point Group of Institution, Bengaluru North University

Bengaluru, India

CERTIFICATIONS

Introduction to Generative AI – Google Cloud (via Simplilearn SkillUp)

- Learned fundamentals of Generative AI, large language models, AI use cases, and responsible AI.

Data Analyst 101 – Microsoft (via Simplilearn SkillUp)

- Gained foundational knowledge in data analysis concepts, data handling, and analytical problem-solving.

Artificial Intelligence Fundamentals – IBM SkillsBuild

- Covered core AI concepts, real-world applications, and ethical considerations in artificial intelligence.

TECHNICAL SKILLS

Programming & Web: HTML, CSS, C, Python, R

Data & Analytics: Power BI, DAX, EDA, Exploratory Data Analysis

Cloud & AI: AWS Elastic Beanstalk, Generative AI, Large Language Models

Languages: English, Malayalam, Tamil
