

Education & Certification Parsing

Day 11 Internship Deliverables

Submitted By

Name: Shinas PN

Internship: AI Developer Intern

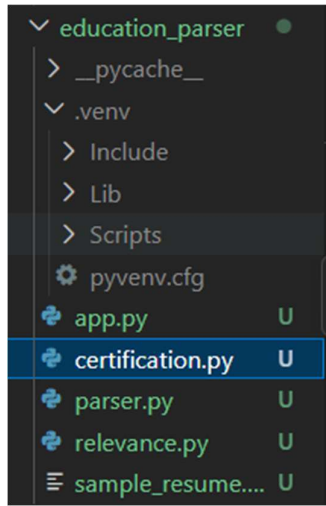

Date: 3 August 2026

Submitted To

Company: Zecpath

Department: Product & Engineering Team

1.Education & certification extraction module

```
education_parser > certification.py > extract_certifications
1  import re
2
3  def extract_certifications(text):
4      pattern = r"CERTIFICATIONS(.*)"
5
6      match = re.search(pattern, text, re.DOTALL | re.IGNORECASE)
7
8      if not match:
9          return []
10
11     section = match.group(1).strip()
12
13     certifications = [
14         line.strip()
15         for line in section.split("\n")
16         if line.strip()
17     ]
18
19     return certifications
```

```

===== EDUCATION PROFILE =====

{'Degree': 'Bachelor of Computer Applications (BCA)', 'Institution': 'University of Calicut', 'Field': 'Artificial Intelligence', 'Graduation Year': '2025'}
{'Degree': 'Master of Computer Applications (MCA)', 'Institution': 'APJ Abdul Kalam Technological University', 'Field': 'Data Science', 'Graduation Year': '2027'}

===== CERTIFICATIONS =====

Python for Data Science - Coursera
Machine Learning Specialization - Stanford University
AWS Certified Cloud Practitioner
Google Data Analytics Professional Certificate
```

2. Structured academic profile

```
education_parser > parser.py > extract_education
1  import re
